

## 2019 NATIONAL WILDLIFE® PHOTO CONTEST INFORMATION AND RULES

### Please read carefully!

The *National Wildlife*® Photo Contest (“NWPC”) is sponsored and administered by the National Wildlife Federation (“NWF”), a 501(c)(3) organization with a charitable mission of uniting all Americans to ensure wildlife thrive in a rapidly changing world. Its principle place of business is located at 11100 Wildlife Center Drive, Reston, Virginia 20190.

### BY ENTERING THIS COMPETITION, YOU AGREE TO THESE TERMS AND CONDITIONS:

#### A. FOR ENTRANTS

**1. WHO IS ELIGIBLE:** NWPC is open to all photographers worldwide who are at least 13 years of age, except employees and board members of NWF, their immediate families and individuals living in the same household as such employees and board members. NWF reserves the right to verify, in its sole judgment, entrant eligibility. Entrants 13 to 17 years of age (“Youth Entrants”) MUST enter only the Youth Category (described below) and MUST obtain verified parental or guardian consent as set forth herein prior to entering the NWPC. Entrants 18 years or older (“General Entrants”) are prohibited from entering the Youth Category.

**2. HOW TO ENTER:** Entries may be submitted as digital files or as digital prints, color prints, and/or black and white prints. Transparencies will not be accepted.

**Digital entries:** All Entrants first create their [contest account](#), providing contact information and creating a password for their personal entry page. Entrants must agree to these rules by checking the appropriate box. A Youth Entrant must select the Youth Category, and as noted above MUST obtain verifiable parental or guardian consent prior to entering the NWPC. All Entrants will then be prompted to purchase one of three photo-entry packages. There is no limit on the total number of images allowed. Additional packages must be purchased, there will be no refunds or incremental additions. (See below for more information about entry fees.) Entrants can then begin uploading their images. General Entrants must enter each photo into one of the first seven categories (see below). General Entrants may enter all images in a single category or select different categories for different photos. The same photo cannot be entered in more than one category. As noted above, Youth Entrants must enter their images into the Youth Category.

Photos may be color or black and white. You do not need to upload all photos at once. You may return to your account page at any time by logging in with your user name and password.

**Mailed or shipped entries:** Each photograph must be numbered and accompanied by a completed submission form. Please do not send a cover letter. As noted above, all Youth Entrants MUST obtain verifiable parental or guardian consent prior to entering the NWPC. Negatives, transparencies or digital files must be available for all prints, but please do not send them until contacted. Prints may be mounted, but print and/or mount size must be no larger than 11x14 inches. Sandwich prints between cardboard, wrap with a rubber band and enclose in a mailing envelope. Do not use tape. Receipt of packages cannot be acknowledged and packages will not be returned. Download the submission form: [General Entrant](#); [Youth Entrant](#).

**Where:** Upload digital images at [photocontest.nwf.org](http://photocontest.nwf.org). Send mailed or shipped entries to National Wildlife Photo Contest, 11100 Wildlife Center Drive, Reston, VA 20190, USA. Questions and inquiries regarding contest rules or technical matters, including problems uploading photos, can be submitted [here](#).

**3. CONTEST ENTRY PERIOD:** The NWPC opens at 12:01 am North American Eastern Standard Time (EST) on January 16, 2019 and the final date for submitting photos is March 22, 2019, at 11:59 pm North American Eastern Daylight Time. To avoid uploading delays, do not wait until the final days of the contest to enter. In past years, the large number of entrants trying to upload their photos just prior to the final deadline caused technical problems that left them unable to enter. Mailed or shipped entries must be postmarked no later than March 22, 2019. Receipt of

packages cannot be acknowledged and packages will not be returned. NWF anticipates notifying winners by early October 2019. NWPC may modify the contest entry period at its sole discretion.

**4. PHOTO ENTRY INFORMATION:** All photos must have complete information attached, including their subjects, dates, locations and any digital adjustments made to the image. The judges use this information to help them select the winners. Not providing full information may disqualify your entry by the judges.

**5. CATEGORIES:** General Entrants must enter each image into one of the following first seven categories (categories i-vii below) and may enter all images in a single category or select different categories for different photos. The same photo cannot be entered in more than one category. Judges reserve the right to switch images to other categories. Youth must enter their images into the Youth Category (category viii below).

- i. **Birds:** Portraits and behavior
- ii. **Mammals:** Portraits and behavior
- iii. **Reptiles & Amphibians:** Portraits and behavior
- iv. **Insects & Other Invertebrates:** Portraits and behavior
- v. **Underwater Wonders:** Scenic views, portraits and behavior
- vi. **Landscapes & Plants:** Scenic views and native plants in wild settings
- vii. **People in Nature:** People enjoying the outdoors or connecting with nature and wildlife
- viii. **New Youth Category for nature photographers age 13-17**

**6. WHAT PHOTOS TO ENTER:** We are looking for striking color and black-and-white images of nature—on land, in the air and beneath the water’s surface—from anywhere in the world. These images may show animal behavior, portraits of wildlife in natural habitats, plant life, natural landscapes, or people interacting with nature. Do not include photographs of pets, domestic animals, captive animals at game farms or roadside zoos, or animals from such facilities photographed elsewhere with handler’s control. Such images will be disqualified. Captive animals photographed in major zoos, wildlife research facilities or rehabilitation centers are acceptable. Clearly label these animals as captive in the Photo Subject box when uploading, and provide details in the Photo Story box. Previously published photos may be entered; however, please include information on when and where the photos appeared. Winning photos from other competitions may also be entered, but include the name of the contests and the years they won. Such information is informative only and will not influence judges’ decisions.

**7. ETHICS:** We seek images obtained in the wild under natural conditions and in an ethical manner that places the welfare of wildlife above the photographer’s desire to obtain an image. Photographers should make every effort to avoid any action that might interfere with natural wildlife behavior. Entrants must not submit images that involve the willful harassment of wildlife or damage to the environment. The editors must know the circumstances of how a photograph was obtained so they can make an informed judgment about publication and disclosure in captioning. For more information about photography ethics at *National Wildlife*® magazine, go to [National Wildlife’s Photography Guidelines](#).

**8. TECHNICAL REQUIREMENTS:** Entrants encountering technical problems while uploading may [request help](#). Camera-made digital images or scans of slides or prints must be uploaded as jpg files. Photos must be at least 1,600 pixels wide (if a horizontal image) or 1,600 pixels tall (if a vertical image). Larger images are acceptable and may improve your photos’ quality. There is a maximum file size of 50 megabytes per image. Images should be in RGB or sRGB format. All photographs should accurately reflect the subject matter and the scene as it appeared. Photos that have been digitally altered beyond standard optimization will be disqualified. Acceptable changes include adjustments to color, contrast, brightness and sharpness; removal of dust and scratches; cropping; black-and-white conversions; and use of HDR (High Dynamic Range), where multiple exposures of the same scene are combined for a greater tonal range, and similar processes for extended depth of field. Such modifications must be disclosed. Changes that are not acceptable include photo composites (combination of two or more photos, not of the same scene); the addition, duplication, deletion or moving of objects in the photos; or the use of artistic digital filters and effects. Examples of artistic filters and effects are watercolor, neon glow, posterizing, stained glass, and others which do not show the scene as it occurred in nature.

**9. FEE:** A nonrefundable fee is charged for photo submissions. This fee is used to provide the prizes and, more important, to help support [the wildlife conservation work](#) of the National Wildlife Federation.

- Enter one photo for \$15
- Enter up to ten photos for \$20

From time to time we feature Entrant's non-donated images on commercial products and services, however we will contact you for permission for use.

**14. DONATIONS/JOINT OWNERSHIP:** The National Wildlife Federation greatly appreciates when photographers choose to donate some of their images. These donations help support our mission to protect wildlife and habitats.
